## EDUCATION

---

Indian Institute of Information Technology, Dharwad, 2024, BTech in CSE	CGPA - 7.55
Sri Chaitanya Junior College, 2020, Intermediate	CGPA - 9.94
Sri Chaitanya Junior College, 2018, HighSchool	CGPA - 9.8

## SKILLS

---

Languages	C++, C, Python, Javascript, SQL
Technologies and Frameworks	MongoDB, ExpressJS, React, NodeJS, React Native, HTML, CSS, JS
Computer Fundamentals	DSA, Computer Networks, DBMS, Operating Systems, OOPs
Soft Skills:	Public Speaking, Time Management

## EXPERIENCE

---

Fullstack Web Developer	Sept 2022 - Current
Velocity Student Club	IIT Dharwad

- Developed websites for other clubs in our university.
- Conducted events and competitions for upcoming juniors interested in web development.
- Contributed to an open source project called Scholar Chat.

## PROJECTS

---

Stock Market Data News	<a href="#">Github</a> — <a href="#">Link</a>
------------------------	---

- Developed a news site that gives you updated news about the stock market, decisions made by entrepreneurs.
- Users can log into the website. In addition to news, users can read and write blogs and they can bookmark.
- Techstack used: JavaScript, Express, MongoDB, APIs, HTML, CSS

Simulation of Network Protocols	<a href="#">Github</a> — <a href="#">Link</a>
---------------------------------	---

- Developed a website that shows how the protocols of the computer networks work.
- It includes the protocols like stop and wait, go back N, Count to infinity, CSMA/CD
- Techstack used: HTML, CSS, Java Script

### Human posture detection

- Developed a posture analysis tool with feedback and improvement suggestions.
- Implemented a separate stress monitoring feature to enhance well-being analysis.
- Techstack used: OpenCV, Mediapipe, InceptionV1

## ACHIEVEMENTS

---

- Solved more than 300 problems in Leetcode, Geeks for Geeks, and Code Studio.
- Got certificate on completion of web development boot camp.
- Got certificate on completion of Data analysis with Python libraries from HBTU Kanpur.
